PERSONAL PROJECTS

My portfolio

- The Personal Portfolio project is a web application that serves as a platform to showcase my skills, projects, and experiences as a web developer.

Health Suraksha

- An integrated healthcare platform revolutionizing access to medical services. Offering real-time doctor consultations, medicine delivery, ambulance booking, 3D first aid tutorials, and online lab testing.

Disney+ Hotstar clone

- The Disney+ Hotstar Clone project is a web application that replicates the core features and functionalities of the Disney+ Hotstar platform.

ACHIEVEMENTS

LUMOS Hackathon - IIIT Delhi

Achieved success by working on Health Suraksha in a team, solving problems creatively, and presenting innovative solutions under tight deadlines

Launchpad Hackathon - Galgotias University

Worked on a creative business idea.
